

PUPIL OF WRIGHT INJURED BY FALL

Calderara Hurlled 100 Feet
to Ground When Machine
Goes Wrong.

ROME, May 6.—Lieutenant Calderara, one of Wilbur Wright's airplane pupils, was dangerously injured today when the Wright machine, in which he was making a flight, fell 100 feet. Both of Calderara's shoulders were dislocated and it is feared he is internally injured. He was pulled from the wreckage of the machine and carried unconscious to a hospital.

While the machine was at a height of 100 feet, the motor suddenly stopped and the airplane fell with frightful rapidity. Calderara made a desperate effort to right the craft and clutched wildly at the levers, but to no avail.

Calderara was considered by Wright as one of his most apt pupils and was able to sail the machine unaided, after only three trial flights with Wright. The cause of the accident has not yet been determined.

READY TO ASCEND FROM FORT MYER

Trip in the Baldwin Dirigible Is
Scheduled for Tomorrow
Morning.

Lieutenants Lahn and Fuls, of the Army Signal Corps, will probably make the first flight in a dirigible from Fort Myer since last fall, some time tomorrow, unless the weather is unfavorable.

Lieutenants Fuls, Winter, and Bamberger, of the Signal Corps, with a large squad of enlisted men, were busy today putting the finishing touches on the cigar-shaped balloon which the government purchased from Capt. Thomas Baldwin last summer. The dirigible is still in the balloon shed at the east end of the reservation, but Lieutenant Fuls said that it would be removed probably late this afternoon to the big tent on the artillery parade ground at the south end of the fort.

It was in this tent that the dirigible was housed during the Baldwin experiments last summer, and here also the Wright airplane was kept for several weeks. While the tent was not up entirely this morning, it will be in such shape later in the afternoon that the dirigible can be placed in it. About a dozen enlisted men were putting the last touches on the tent this morning.

It is probable, since a few minor changes have been made in the engine, that a preliminary speed test of the motor and the propeller will be made today. This, however, will not take long when the dirigible itself is once in position in the balloon tent.

OWNERS MAY ENTER SILVER DART IN RACE

BADDECK, N. S., May 6.—Aeronauts McCurdy and Baldwin have been invited by the London Daily Mail to send the airplane Silver Dart to England to compete for a \$5,000 prize for the most successful one-mile flight by a heavier than air machine made by an Englishman, with an English aviator on board.

Captain Baldwin cabled the Daily Mail today:

"Plans indicated are too indefinite for us to enter the proposed competition as yet. There is not a machine entered that can show anything like the record of the Silver Dart and it is considered that the Canadian machine would have little difficulty in carrying off the prize should she be entered in the contest."

Captain Baldwin, who is part owner

DEVERY CALLS AUTO A WHITEHALL BARGE

When Arraigned Speeding for New York Ex-Police
Chief Says His Machine Couldn't Make Thirty
Miles an Hour Down a Mountain Side.

NEW YORK, May 6.—Former Police Chief Devery appeared yesterday in the Flushing police court in defense of his chauffeur, John Brunell, who had been arrested for driving the former chief's daughter in the former chief's auto at the rate of thirty miles an hour.

"Thirty miles an hour?" gasped Devery at Magistrate Connolly. "Why, that sausage wagon of mine couldn't run thirty miles an hour with a Barney Oldfield at the wheel. Honest judge, that ain't an automobile. It's a Whitehall barge—you have to tow it to make it go d-whill. Many and many's the time I've loaded the back seat so full of gasoline that I couldn't get in myself, and even then the lumber wagons would pass us with the horses backing up."

"I was going to give that machine to

some old ladies' home as a sedative, but now I'll give it to anyone who can get twenty miles an hour out of it, and he's welcome to start from the top of any mountain he can name. I know I'd win at that, because the wheels of that shay of mine simply can't turn fast enough for twenty miles an hour."

"Just the same," said Magistrate Connolly, "I'll hold your chauffeur in \$100 bail for special sessions."

"Then I'll give my country house at Far Rockaway for bail," said Devery, sadly. "It's worth \$10,000. Or I'll put up that speedy auto you was speakin' of and advise any man to jump the bond."

"We'll accept the house, I guess," said the magistrate smiling.

"All right," answered the Big Chief. "Come on, Brunell," to the liberated chauffeur. "We'll now go out and lead our auto home."

of the Silver Dart, is a native of Toronto and a graduate of Toronto University.

Airship Dockyard.

BERLIN, May 6.—Germany is to have an airship dockyard where every facility for the construction and repair of balloons and aeroplanes will be provided. A bill for this purpose has been prepared by the ministry of war for submission to the reichstag.

**WRIGHTS WILL GET
MEDAL FROM TAFT**

Orville and Wilbur Wright will receive the medals voted them by Congress, at the hands of President Taft in the East Room of the White House on June 10. A large delegation of the Aero Club of New York will be present to witness the ceremony.

**HELD UPON CHARGE
OF "FLIMFLAMMING"**

Negro Suspects Identified as Pair
Recently Under Surveillance
in Baltimore.

Edward Scott, alias John Wood, alias Chicago Kid, aged twenty-seven years, and Robert Whittington, thirty-three years old, both negroes, are locked up at the Fourth precinct station charged with "flimflaming."

They are men for whom the police of this city and Baltimore have been on the lookout for several weeks past. They were arrested Tuesday by Police-men Pierson and Arney on downtown furnished by the Baltimore authorities.

To make the identification complete, Detective Bradley, of the Baltimore department, came to Washington this morning to look the men over. He declared them to be the same ones who were under suspicion in the Monumental City, after several cases of "flimflaming" had been reported. The men, he said, left the city suddenly when they learned they were under police surveillance, and came to Washington.

**MAINE MONUMENT
BODY WILL MEET**

A meeting of the Maine Monument Association committee will be held at 8 o'clock tonight in the office of Representative Joseph A. Goulden, 309 House Office Building. It will be held for the purpose of discussing plans for the erection of a monument to the dead of the battleship Maine.

Wide interest is being manifested in the project.

SMALLPOX ABATES.

TRENTON, May 6.—New Jersey's smallpox scare is almost at an end, according to the statement made today by Dr. A. Clark Hunt, of the State board of health. Since March 1 there have been sixty-eight cases of smallpox in the State, including two in this city.

A mystery and an enthralling love story are embodied in "The Hand of the Unknown," which begins in The Times Saturday.

**MANY IDEAS ARE COMING IN
ARE YOURS AMONG THEM?**

This IDEA Contest is arousing great enthusiasm among our patrons—attracting many new faces to our market.

You don't have to buy anything to enter the contest. It is open to all. What we want are ideas that will improve the appearance of our market and our present method of doing business. Contestants may send in one suggestion or as many as desired—together or at different times. We reserve the right to copyright any suggestions accepted, and for which we pay a cash prize.

\$100.00 IN PRIZES—

First Prize \$50
Second Prize \$25
Third Prize \$10
Fourth Prize \$5
And Ten Prizes of \$1.00 Each

Get our folder giving full particulars and then write out your suggestions at once. Some simple suggestion may win any one of the prizes.

**A Sealed Box Has Been Placed in the Front Part of Our Market, Where
Contestants May Drop Their Suggestions While Marketing**

BONI REOPENS FIGHT FOR HIS CHILDREN

Appeals From Decision Giving
Them to Mother—Un-
savory Trial Expected.

PARIS, May 6.—The troubles of Count Boni de Castellane and the Prince and Princess de Sagan, the latter of whom is the divorced wife of de Castellane, were detailed to the public again today in the court's appeal to the supreme court from the decision giving the custody of his three sons to their mother. The argument on the appeal promises to be long drawn out and as unsavory as the divorce trial.

Maitre Bonnet appeared for the count, and Maitre Clemenceau for the prince and princess. Bonnet reiterated his charges that the home life of the de Sagan was unfit for the children, and demanded that they be given into the care of their grandmother, the Marchioness de Castellane.

The charge that the de Sagan were so incompatible that they were at times on the verge of separation was repeated by Bonnet.

**TAFT SITS AGAIN
FOR HIS PORTRAIT**

President Taft today gave another sitting to Miss Lois Swann, who is painting a life-size portrait for the Yale society. The portrait, a three-quarter length, full face picture, is nearly finished.

MAYHEM SUIT ENDS.

POTTSVILLE, Pa., May 6.—Just before the trial of Mrs. Annie Oakum and her mother, Mrs. Pfrom, charged with mayhem (the former having thrown carbolic acid into the eyes of her husband in a jealous rage, blinding him for life), Oakum received \$3,300 for withdrawing the suit.

**VICTIM OF RUNAWAY
DIES FROM INJURIES**

Although declining to accept medical attention, and insisting that he was not badly hurt after he had been struck and knocked down by a runaway team at Seventh and M streets northwest, Abraham Smith, colored, of 1230 M street northwest, died this morning at the Emergency Hospital.

Death resulted from hemorrhage of the brain, and a possible fracture of the skull.
